

Chair City Supply Company, Inc.

Franklin Adhesives

Chair City Supply Company is one of two distributors in the United States for the Franklin International Industrial Products Division. As such, we offer a wide variety of in-stock product beyond what is available from traditional Construction Products Distributors. From pails to drums to totes, Chair City Supply has what you need for most any gluing application.

Here is an incomplete list of some of the products stocked:

Adhesive AB	For bonding to finished wood surfaces
Assembly 8	A low viscosity assembly glue
Assembly 8 (5%)	A diluted version of Assembly 8 for American dowel machines
Assembly 65	The premium assembly glue - very fast setting.
Assembly 161	A very low viscosity glue for European dowel machines.
Assembly 233	An economical general assembly glue with a very low temp use.
Assembly Griptite	A moderately fast general assembly product with low temp use.
