

Chair City Supply Company, Inc.

Titebond® II Premium Wood Glue is the first leading brand, one part wood glue that passes the ANSI Type II water-resistance specification. It offers excellent heat resistance, strong initial tack, fast speed of set and forms a bond stronger than the wood itself. It resists solvents, heat and water and sands easily without softening. It is paintable, solvent free and non-toxic. Ideal for exterior woodworking projects and FDA approved for indirect food contact (cutting boards).

Titebond® II Extend Wood Glue combines waterproof performance with a slower speed of set. This product is ideal for exterior applications that involve more complex assemblies. It provides a translucent glue line, offers excellent sandability and is unaffected by finishes. It offers superior performance on all common wood species, particleboard, MDF, plywood and other porous materials. Compatible for use with Hot Press and radio Frequency (RF) gluing systems.
