QUADRO IW 21 Silent System Full-extension runner for wooden drawers Load capacity up to 75 lbs dynamic, 100 lbs static

- Load capacity up to 75 lbs dynamic, 100 lbs static
- Perfect vertical and lateral stability. The robust, resilient tracks ensure optimal runner action through precision-guided steel balls.
- Maintenance-free through self-cleaning ball tracks.
- **Soft closure with selfclose** – the spring-operated mechanism acts independently of load and closes the drawer safely and automatically.
- **Slide-on assembly** – simply place the drawer on the runners and push in for connection.
- **Flexibility through interchangeability** – Quadro partial and full extension runners interchange without altering drawer dimensions.
- For 5/8" (16 mm) drawer material thickness and 1/2" (12 mm).
- **Silent System:** the damping device integrated in Quadro IW 21 closes the drawer softly and soundlessly.
